

Starting, Expanding or Relocating a Business?

If you've got questions, we've got the answers.

Connecticut's Business Response Center and the Connecticut Licensing Info Center make it easy for you to learn what you need to know about doing business in our state.

Free, personal assistance with our information specialists is available during business hours. Our friendly, knowledgeable staff will help you clarify your needs, explain requirements for your business type, search possible site locations, and even create a customized information packet or email for you. We also work closely with state, regional and local organizations to help get you the answers you need to succeed.

With the information you receive, you'll be on your way to growing your business in Connecticut.
